# Halesowen College – Animal Care group.

- ➤ **STARTER/INTRODUCTION –together:**
- ➤ Google 'Animal' Enrichment initially to get you up to speed!
- ➤ Ask student what they remember from college lessons about this.
- ➤ Look up 'Animal Enrichment' on You Tube together – lots of helpful (fun!) videos.

- ➤ **TASK 1:**
- ➤ Design a piece of enrichment for a small animal of their choice.
- ➤ We have been talking about this a lot so pupils should already have some ideas. They can use the following website for help (will need printing)

https://www.bluecross.org.uk/pet-advice/enrichment-small-pets

- ➤ They will need to plan and draw their design saying:
- ➤ 1) what materials they will use?
- ➤ 2) why the animal will like it?

- ➤ **TASK 2:**
- ➤ Draw the whole animal's enclosure
- ➤ 1) label the items in it
- ➤ 2) Include the substrate they will use
- ➤ 3) Where they will place the enrichment?
